

Liquid resistance and exceptional wet grip.

FEATURES

- Soft, durable and flexible coating that repels liquid to provide the highest level of wet, oily, and dry grip
- Encapsulated air pockets absorb and mitigate the effects of light vibrations before it reaches the hands
- 360° anti-wet protected liner wicks liquids from back of hand

PROPRIETARY TECHNOLOGY

HPT™ - Superior Grip and Dexterity

The Hypopellent Technology (HPT™) is a unique proprietary coating that repels liquid and provides excellent grip in wet, dry and oily conditions. The HPT™ offers secure handling gloves that are lightweight, have superior grip and dexterity, whilst being supremely comfortable. Further, this unique coating has “encapsulated air pockets” which absorb and mitigate the effects of light vibrations.

SMART TECHNOLOGIES

BREATHESMART

This is the art of ensuring 360 degree breathability for the hands.

FITSMART

This is the art of making Ninja® gloves feel like a second skin.

GRIPSMART
