

Leightning® L2N Head Strap Earmuff

Product description

When you're in a rough industrial environment and need to block out noise, the Leightning L2 neckband earmuff by Howard Leight features a steel wire construction and provides high performance and robust durability. Leightning stands up to daily use and abuse without compromising comfort. Leightning works well in extreme temperatures/ humidity and under aggressive chemical influences.

FEATURES

- Air Flow Control™ Technology provides better, consistent attenuation, especially at low frequencies.
- Optimal protection for virtually all noise frequency environments.
- Robust design withstands demanding use, especially in tough environments.
- Snap in ear cushions makes cushion replacement quick and easy.
- Padded foam headband delivers long wearing comfort.
- Minimal headband pressure on the head.
- Telescoping height adjustment for individual setting and personalized comfort, and remains fixed during use.
- Contemporary design improves worker acceptance and compliance.
- Medium profile cup.
- Sleek, anatomic behind-the-head design.
- Use with face shields, visors, hard hats and other PPE.
- Includes headband strap for better positioning.

APPLICATIONS

- Noise environments between 105dB to less than 110dB (A).

Technical Details
