

SAFETY STRAP

Strapping Kit

- 1 x 62m x 20mm coil
- 1 box of heavy duty buckles (100)
- 1 x ratchet tensioner
- 1 x tool box
- 1 x manual tensioner
- Instruction sheet

This self-contained strapping system weighs only 8kg and packs the power of steel strapping but with the portability of a lunch box.

Safely strap up job site materials for transport with around 1100kg of breaking strength.

Code: 10028

Poly Woven Strapping

Strapping weighs 1/4 the weight of steel strap coils. It will not rust, stain or damage product. It has no sharp edges and can be cut while under tension. 1100kg breaking strain.

Code	Description
10029	20mm x 62m Coil
10030	20mm x 250m Coil
10031	20mm x 500m Coil

Phosphate Coated Buckle

20mm Phosphate coated buckles are reusable and rust resistant.

Code	Description
10232	Bucket of 100
29162	Bucket of 250
29163	Bucket of 500
10032	Box of 1000

Manual Tensioning Tool

Tensioner to be used on 20mm strapping. Best suitable for leveraging off edges to get maximum tension

Code: 10033

Buckle Steps Instruction Sheet

*Any tape found on the strap is indication of a splice and should not be used for load containment. Dispose of taped section.

Woven Cord Strap Dispenser – On Wheels

Dispensing Machine holds up to 500m coil. Spring loaded to hold strapping firm to stop recoil. Heavy duty frame with roller bearing rubber wheels. Storage container attached holds buckles and tools.

Code: 11061

Ratchet Tensioner

Tensioner to be used on 20mm strapping. Best suitable for flat surfaces. Great leverage for maximum tightening performance.

Concealed self cutting blade, eliminates the risk of harming the user, when cutting the strapping.

Code: EZCST20
