

Razorback™ Gloves.

In a job where life and limb depends on tough, non-slip hand protection, whatever the conditions, RAZORBACK™ has been designed with the oil industry in mind.

RAZORBACK™ has been tested in the toughest field conditions to refine and perfect the glove until we are satisfied that it will outlast and outperform any other specialist glove on the market.

▶ FEATURES AND BENEFITS

Oil & water resistant back thanks to our revolutionary REPELITE™ fabric; a breathable, washable material that also absorbs perspiration on the inside of the glove and features a unique 4 way stretch capacity

Hand impact protection system which comprises of soft thermoplastic rubber on back of fingers, knuckle and hand

Double layer water/oil resistant palm. This includes a layer of Nitrile for absolute water/oil repellence and silicone dots for high level abrasion resistance and grip.

Thumb crotch is KEVLAR reinforced to enhance the durability

Pre-curved for added flexibility and reduced hand fatigue

Hi-Vis bright yellow in colour aids in hand placement assuredly

Neoprene cuff provides additional wrist and forearm protection

ID tag for individual identification
